The college prepare the students to enlighten path of success by their true wisdom and desires to achieve a success. In return, they become responsible citizen of great nation. Our endeavor is to develop the girls as a person of real substance.

#### About The Seminar

In the present context gender equality and feminist perspective are the most significant aspect of discussion. It is an earnest need that society must be more sensitized towards women issues. The women folk must be provided with better opportunities to lead the society on the path of success.

The road is not easy because the society has to change its mental state where women are considered weaker gender. Our ancient culture venerated women but with the changing span of time the condition of women is denoting. This is the time of over all development in its real meaning. Women are anticipating on the path of success with full vigour and zeal. They are conquering the limit of impossible with their enormous courage and extraordinary mental strength. But not all the women of the society are getting benefits of the opportunities provided by government and still a large number of women-folk are suffering due to various social, political, religious and psychological issues. The aspects seek a devout approach from every segment of the society to establish gender equality among all the area of society. The words of Nobel prize winner Miss Malala Yusuf Zai are very inspiring in the context that "When God created man and women, he was thinking, 'who shall I give the power to, to give birth to the next human being?' And God chose woman. And this is the big evidence that women are powerful." Women are the most capable gender but their virtues are not recognised. The scenario has to be restructured with the true aspects of gender equality and feminist perspectives.

#### Objectives

1. To provide a platform to discuss the issues and need for gender sensitization to pave the Gender Equality.
2. To enrich the knowledge of the academicians through interaction with each other and to highlight Gender equality and feminisms perspective as an instrument of ordering and social transformation in modern era.
3. To create awareness about Gender equality laws and policies for strengthen the position of women in the present era.
4. To come up with the suggestion for positive reforms towards Gender justice and feminism so as to meet the needs of Indian society in Modern era.

#### Sub Themes

1. Gender sensitization paves to Gender equality. लैंगिक संवेदनशीलता, लैंगिक समानता का प्रशस्तिकरण
2. Role of education in establishment of Gender equality. लैंगिक समानता स्थापित करने में शिक्षा की भूमिका
3. Gender discrimination and discrimination based on caste and religion. लैंगिक असमानता और जाति, धर्म आधारित असमानता
