ENVIRONMENTAL POLICY OF THE COLLEGE:-

AVCW is committed to create Green consciousness among students and other stakeholders in the society. College protects its own environment with green campus initiatives and keep campus environment friendly.

The college advocates an Educational policy that includes maintaining suitable environment through different initiatives. To achieve this goal, College has framed a green campus and Energy saving policies. All the stakeholders are encouraged to participate and adhere the policies. Our Environmental policies are:

1. To create awareness regarding environmental policy amongst all the stakeholders.
2. To encourage students to develop solution for environment conservation.
3. To achieve energy conservation by promoting use of Light Emitting Diode (LED) lights in our campus.
4. To encourage students and staff members to minimize electricity consumption.
5. To keep check on drinking water quality to provide safe drinking water in college campus.
6. To adopt various methods for water conservation such as rain water harvesting, water recycling etc.
7. To restrict entry of vehicles by implementing "No helmet No Entry" policy and restrict entry of vehicles to one point to make campus pedestrian friendly and pollution free.
8. To adopt various Information and Communication Technology (ITC) tool, promote Re-use and Re-cycle of old papers to minimize paper consumption in campus.
9. To promote "Swatch Bharat Abhiyan" by adopting waste management practices in college campus and create awareness among society.
10. To promote Sustainable lifestyle and development through workshop interactive session and awareness drives.
11. To collaborate with government bodies and non-governmental organizations to promote conservation activities.
12. To protect and nurture the flora and fauna on the campus and surrounding areas.
13. To conduct environmental Audit.

Dear Colleagues,

As per Energy Saving and Green Campus Initiative I request all teaching and non teaching staff to adopt the following measures. Volunteers should also ensure that following measures are strictly implemented.

1. Fans and all lights to be switched off whenever not in use.
2. Turn your monitor when you leave your table.
3. Activate power management feature on your laser printer.
4. Activate power management feature on your computer and monitor so that it will go into a low power "Sleep" mode when you are not working on it.
5. Use fans only when they are needed.
6. Re-use of waste water should be maximized.
7. Re-inforce the use of one sided printed paper.
8. Recycle waste paper. (New paper & old paper)
9. Recycle e-waste material.
10. Maintain green campus.
11. Start composting

I am of the conviction that all these small but significant measures will be followed

I solicit your support in the campaign.

Guidelines for Ban on Plastic Use

Plastic pollution and plastic waste management currently have become the biggest environmental concern. Plastic pollution creating adverse impact on soil, water biodiversity, health and well-being of human at large. Due to convenience of plastic and plastic goods there is increase in production and consumption of the plastic. Excess-consumption of plastic combined with Limited waste disposal systems has become a challenge to the urban waste disposal system. Government already has taken initiative to reduce and eliminate hazards of plastic pollution,

Single use plastic water bottles plastic straws, food packaging, stationery packaging, plastic folders, flex banners etc are the sources of plastic waste in college campus. Inappropriate solid waste management may leads to environmental and sanitation issues in the college campus. To avoid deterioration in environment quality within campus and community due to plastic waste IQAC, NSS unit and Eco club of Anand Vihar College for Women has taken initiative and formulated Guidelines for ban on plastic use.

AVCW, Bhopal adopting policy and practices towards cleaner and plastic free campus as an institutional responsibility to conserve our environment.

Guidelines

1. To create awareness regarding ban plastic policy amongst the students and other stakeholders.
2. To carry out awareness derives and sensitization workshop on the harmful impact of single use plastic.
3. To ensure plastic free campus uses of single use plastic should be stop by the students and other stakeholders of Institution.
4. Encourage students to use environment friendly alternative like cloth bag, reusable/metal Water bottles, metal utensils (in canteen) etc.
5. To use dry and wet dust bins in the college campus to as to segregate waste.
6. To have a strategy for E-Waste Management.
7. Encourage students to carry out similar campaign at community level.
